Good morning Los Primos-

On behalf of Governor Richardson and myself, I would like to thank you for the terrific performance at the Governor's Mansion last week, hosting the Koreans. Your extreme professionalism, the selection of music and the spectacular sounds from the band are truly unique. We can't wait to have you entertain us again. I would positively recommend you to others for future dates and I'll be calling you real soon for more work.

Again, thanks to all of you!!!

Best regards-

MARY BROPHY
